20%

Two-year discount on the energy term only valid for new electricity contracts.

3%

Discount on energy term for 2 years for contracting or having contracted gas at the same address with Endesa Energía in the same direction.

3%

Discount on the energy term for 2 years for contracting an electricity service (other than supply) with Endesa X Servicios, S.L. at the same address.

Prices

Prices for contracted powers up to 15 kW. Prices do not include taxes

Power term €/kW and year	36,391656 11,968848	On-peak Off-peak
Power Unit €/kWh	Promoted price 0,114282	Non-promoted price 0,154435

This offer requires subscribing online or via the Endesa App, signing up to the e-billing service, paying your bills by direct debit and carrying out all your processes online or via the Endesa App. Failure to comply with these conditions for the duration of the contract could entail the loss of the advantages associated with this offer.

Any variations to the regulated components that are applicable and new ones that may appear, shall be transferred to the customer both upwards and downwards (Accordingly, the consumption profile considered shall be P1=28%, P2=26% and P3=46%).

Likewise, the power terms and power units may be updated on 1 January each year, in accordance with the real value of the CPI (Last General Inter-Annual National Consumer Price Index published officially at the time of the update).

Any other charge that the distributor may make, which is not expressly reflected in this document, will be transferred to the client. For example, excess power, reactive energy, rental of metering equipment, rights, etc.

To the prices will be added the regulated cost associated with the financing mechanism of the social bonus: Fixed cost per customer (marketing) of 0.006282€/day (Peninsula and Balearic Islands: 0.00717279€/day or 0.00789007€/day depending on the tax rate applicable in each case; Canary Islands: 0.00652072€/day for domestic customers with power of less than 10kW and, for all other cases, 0.00671634€/day; Ceuta and Melilla: 0.00658592€/day; all the above amounts include taxes applicable at the effective date of these prices).

Customer can choose between monthly and bimonthly invoicing (by default monthly, unless the supply was already in Endesa, in which case the previous periodicity will be respected).

Only contracts that, at the time of taking advantage of this promotion, are not with Endesa Energía and/or Endesa X Servicios, as applicable, will be taken into account for the discounts. It is necessary that the customer signs a new contract (electricity and/or gas) with the terms of this promotion and that everything included (electricity, gas and/or additional service) is at the same address. In order to enjoy the additional discounts under the terms of the promotion, it will be a requirement that all the contracts that were used to take advantage of this promotion (electricity, gas and/or maintenance) are activated and maintained. Otherwise, the additional discounts associated with the joint holding of contracts with Endesa Energía and/or Endesa X Servicios, as applicable, will be cancelled.

See conditions at www.endesa.com/es/promociones-ganadores.

Electricity shall be billed according to the consumption as indicated by the distribution company pursuant to the hourly curve load. If this curve is not available at the time of billing for the electricity, this shall be distributed hourly by the distribution company using the estimated consumption pursuant to the official public consumption profile published by Red Eléctrica de España (www.ree.es) for the relevant access tariff. You can check the curve applied to each invoice at www.endesaclientes.com.
