

Tempo Solar Autoconsumo

Thank you very much for enquiring about our offers.

By subscribing to **Tempo Solar Autoconsumo** you will enjoy a stable price and you will also enjoy an additional discount during the hours in which you need it the most.

40%

Discount on the price of the imported energy and the rest of the energy costs consumed by the network during Tempo hours for an indefinite period.

2%

Discount on unit price 1 year for subscribing to the electronic billing system for this contract.

Prices

Prices with discounts included. Prices do not include taxes

Power term €/kW and month	2,937387 0,782029	On-peak Off-peak
Power Unit €/kWh	Promoted price	Non-promoted price
	0,036000	0,060000
	0,060000	0,060000
	0,145188	0,250324
	0,250324	0,250324
	0,060000	0,060000

The variations that occur in the regulated components that are applicable to the PT and ET Rto. Imp., as well as new ones that may appear, will be transferred to the client, both upwards and downwards. The consumption profile P1=28%, P2=26% and P3=46% will be considered. Likewise, the PT and ET Rto. Imp. may be updated, every January 1, with the value of the real CPI (Latest National General Interannual Consumer Price Index officially published at the time of the update).

Any other charge that the distributor may make, which is not expressly reflected in this document, will be transferred to the client. For example, excess power, reactive energy, rental of metering equipment, rights, etc.

The regulated cost associated with the financing mechanism of the social rate will be added to the prices: Fixed cost per customer (commercialization) of 0.03376158 €/day (Peninsula and Balearic Islands: 0.03222697€/day taxes included for powers lower than 10kW and, for the rest of cases, 0.03713774 €/day taxes included; Canary Islands: 0.03069235 €/day taxes included for powers lower than 10kW and domestic customer and, for the rest of cases, 0.03161312 €/day taxes included).

For the purposes of this offer, consumers with renewable generation facilities and without a specific remuneration regime that take advantage of the "Simplified Compensation Mechanism" regulated in RD 244/2019, in each billing period EE will pay excess kWh of energy to the agreed price, and up to the amount of kWh of energy consumed from the period network according to energy cost.

Times: Tempo times shall be from 17-10h in winter and from 18-9h in summer.

Electricity shall be billed according to the consumption as indicated by the distribution company pursuant to the hourly curve load. If this curve is not available at the time of billing for the electricity, this shall be distributed hourly by the distribution company using the estimated consumption pursuant to the official public consumption profile published by Red Eléctrica de España (www.ree.es) for the relevant access tariff. You can check the curve applied to each invoice at www.endesaclientes.com.

Both the period and the effective date of the acceptance of the self-consumption modality will be adjusted to that indicated by the distributor.

Cte. Imp: Price of the energy consumed from the network; Rto. Imp: Other costs of the energy consumed from the network; Cte. Exp: Price of surplus energy poured to the red; SISF: Integral Solar Photovoltaic Solution.

Green Energy: All the power supplied while this contract is in force shall be called "Energía Verde" (Green Energy) under the following terms and conditions: Via the allocation (cancellation through redemption) of Guarantees of Origin managed by the National Markets and Competition Commission (CNMC), each year Endesa will certify that an amount equivalent to the Supply Point consumption of the preceding year is produced from renewable energy sources or high efficiency cogeneration. Endesa shall inform the Customer of the allocation of Guarantees of Origin on the Customer's bill pursuant to the provisions set forth in existing legislation and the Customer may also verify this this via the CNMC website (www.cnmc.es). Applicable legislation in force: Order ITC 1522/2007, CNE Circular 6/2012 and CNE Circular 1/2008.
