- 1. The negotiable securities to which this delegation refers may be obligations, bonds, promissory notes and other debt securities, simple or exchangeable for outstanding shares of the Company and/or convertible into newly issued shares of the Company. Likewise, this delegation may also be used to issue warrants or other similar securities that may directly or indirectly entitle to the subscription or acquisition of shares of the Company, either newly issued or already in circulation, obligations and bonds exchangeable for shares in circulation of other companies.**
- 2. The issuance of the aforementioned securities may be carried out once or several times within a maximum period of five years from the date of adoption of this agreement.**

- 3. The delegation shall extend to the establishment of the different aspects and conditions of each issue, including, but not limited to, nominal value, type of issue, redemption price, interest rate, exchange ratio, amortisation, subordination clauses, anti-dilution mechanisms, issue guarantees, admission to listing, applicable legislation, and, in general, any other condition of the issue, as well as, where appropriate, the appointment of the commissioner of the bondholders' union, if necessary create or decide to create such union.**
- 4. The aggregate amount of the issuance of securities agreed upon under this delegation may not exceed, at any time, €6 billion or its equivalent in another currency, of which, at most, €4 billion may correspond to promissory notes, the maximum amount of which will be computed based on the outstanding balance of those issued under the delegation. Also for the purposes of the foregoing limit, in the case of warrants, the sum of premiums and exercise prices of the warrants of each issue approved under this delegation shall be taken into account.**
- 5. For the purposes of the provisions of Article 414 of the Spanish Corporate Enterprises Act and for the issuance of bonds or bonds convertible into new shares of the Company and/or exchangeable for outstanding shares of the Company, the following are established bases and modalities of the conversion and/or exchange:**
 - i) The securities will be convertible into new shares of the Company and/or exchangeable for outstanding shares of the Company in accordance with a conversion and/or exchange ratio that may be fixed or variable, as determined by the Board of Directors. The Board of Directors is empowered to determine whether the securities are convertible and/or exchangeable, as well as establishing whether they are voluntarily or necessarily convertible and/or exchangeable and, if they are voluntarily, whether it is at the option of its holder and/or the issuer, the frequency and the term, which will be established in the issuance agreement. In the event that the securities are convertible and exchangeable, the Board of Directors may agree that the issuer reserves the right to choose at any time between the conversion into new shares or their exchange for outstanding shares, specifying the nature of the shares to be delivered at the time of the conversion or exchange, being able to deliver a combination of newly issued shares with pre-existing shares and even settle the difference in cash.**
 - ii) In the case of establishing a fixed conversion and/or exchange ratio, the securities will be valued at their nominal amount and the shares at the fixed exchange rate established by the resolution of the Board of Directors that makes use of this delegation, or at the determinable change in the date or dates indicated in said agreement and depending on the listing price of the shares of the Company on the date or dates or period or periods that are taken as reference, with or without a discount and, in any case, with a minimum that may not be less than the greater of (i) the arithmetic mean of the closing prices of the Company's shares in the Spanish Computer-Assisted Trading System during the period to be determined by the Board of Directors, not more than three months nor less than fifteen days, prior to the date of the Board of Directors that, using this delegation, approves the issue of the securities; and (ii) the closing price of the shares on the same Spanish Computer-Assisted Trading System on the day prior to the date on which the meeting of the Board of Directors was held. The maximum discount that may be applied to said minimum price may not exceed 25%.**
 - iii) In the case of establishing a variable conversion and/or exchange ratio, the securities will also be valued at their nominal amount and the price of the**

shares for the purposes of the conversion and/or exchange will be the arithmetic average of the closing prices of the Company shares in the Spanish Computer-Assisted Trading System during a period to be determined by the Board of Directors, not more than three months nor less than five days before the date of conversion and/or exchange, with a premium or, where appropriate, a discount on said price per share. The premium or discount may be different for each conversion and/or exchange date of each issue (or, where appropriate, each tranche of an issue), although in the case of setting a discount on the price per share, this may not be more than 25%.

- iv) Pursuant to the provisions of Article 415 of the Spanish Corporate Enterprises Act, obligations may not be converted into shares when the nominal value of the former is less than that of the latter. Likewise, convertible bonds may not be issued for less than their nominal value.**
- v) When the conversion and/or exchange proceeds, the share fractions that, where appropriate, should be delivered to the holder of the debt securities will be rounded by default down to the nearest whole number, and each holder will receive the difference in cash that could occur in such case.**

At the time of approving an issue of convertible and/or exchangeable bonds under this authorisation, the Board of Directors shall comply with the provisions of Article 414 of the Spanish Corporate Enterprises Act.

With regard to the issuance of warrants or other securities of a similar nature that give the right to acquire or subscribe shares in the Company, the Board of Directors is empowered to determine, in the broadest terms, the criteria applicable to the exercise of the rights of subscription or acquisition of shares of the Company incorporated into said securities, applying in relation to such issues the criteria established in this section 5 for the valuation of the shares, with the necessary adaptations in order to make them compatible with the legal and financial regime of this class of securities.

- 6. The delegation to the Board of Directors also includes, without limitation, the following powers:**
 - i) The power to increase capital by the amount necessary to meet conversion or subscription requests. Said power may only be exercised to the extent that the share capital increase approved by the Board does not exceed the unused limit authorised by the General Shareholders' Meeting under the provisions of Article 297.1 b) of the Spanish Corporate Enterprises Act, nor 10% of said total capital stock in the event that the pre-emptive subscription rights of the shareholders are excluded in the issue of the convertible securities. This authorisation to increase the capital includes that of issuing and putting into circulation, once or several times, the shares necessary to carry out the conversion or subscription, as well as that of modifying the article in the Bylaws relating to the share capital figure.**
 - ii) The power to totally or partially exclude the pre-emptive subscription rights of shareholders when this may be necessary to attract financial resources in national or international markets or is otherwise required by the corporate interest. In any case, if the Board of Directors should decide to abolish the pre-emptive subscription right in relation to a specific issue of securities that it eventually decides to carry out under this authorisation, it will issue a report detailing the specific reasons of interest when approving the issue that justify said measure, which will be the subject of the correlative report of an auditor which is not the auditor of the Company, designated for this purpose**

by the Commercial Registry, referred to in sections a) and b) of Article 417.2 of the Spanish Corporate Enterprises Act. Both reports will be made available to shareholders and will be communicated to the first General Meeting held after the adoption of the issue agreement.

iii) The power to develop and specify the basis and procedures of the conversion, exchange and/or exercise of the rights of subscription and/or acquisition of shares, derived from the securities to be issued, taking into account the criteria established in section 5 above, and, in general, how many matters and conditions are necessary or convenient for the issue.

7. The Board of Directors is also authorised to guarantee, on behalf of the Company, the issue of the securities mentioned in section 1 above by companies belonging to its group.

8. The Board of Directors is empowered to request admission to trading on official or unofficial secondary markets, organised or not, national or foreign, of the securities issued by the Company under this delegation, this power being extended, with express authorisation of substitution in favour of the CEO, to carry out the necessary procedures and actions for admission to listing before the competent organisations of the different national or foreign stock markets.

It is expressly stated that, in the event that the securities issued by virtue of this delegation are subsequently requested to be excluded from trading, this will be adopted with the same formalities as are applicable and, in such case, the interest will be guaranteed of the shareholders or bondholders who oppose or do not vote for the agreement, fulfilling the requirements established in the Spanish Corporate Enterprises Act and corresponding provisions, all in accordance with the provisions of the Securities Market Act and the provisions that develop it. Likewise, the Company's submission to the rules that are in place or may be dictated in the future regarding Stock Exchanges and, especially, regarding contracting, permanence and exclusion from trading is expressly declared.

The Board of Directors is authorised, in turn, to subdelegate in favour of the CEO, with express power of substitution, the delegated powers referred to in this agreement under the provisions of Article 249-bis I) of the Spanish Corporate Enterprises Act.

I. Modify Articles 10 (RIGHT OF ATTENDANCE); 11 (REPRESENTATION) and 21 (VOTE AND REPRESENTATION BY REMOTE COMMUNICATION MEANS), of the General Shareholders' Meeting Regulations, which will henceforth have the following wording:

"ARTICLE 10. RIGHT OF ATTENDANCE

1. Shareholders holding at least 100 shares may attend the General Meeting in person, provided that their shares are registered in the corresponding record of book entries five days prior to the holding of the meeting and they have the corresponding attendance card. Attendance cards will be issued through the entities that keep accounting records and will be used by the shareholders as a document granting representation for the General Meeting in question. This shall be understood without prejudice to the legitimation certificates issued in accordance with the entries in the accounting register by the relevant entity or agency.

The shareholders holding a smaller number of shares may vote remotely or delegate their representation to a shareholder with the right to attend, as well as to group with other shareholders who are in the same situation until they gather the necessary shares, and the grouped shareholders must confer their representation on one of them. The grouping must be carried out on a special basis for each General Shareholders' Meeting and be in writing.

The representation must be conferred in writing and with special character for each Meeting and observing the other legal dispositions on the matter. This power of representation is understood without prejudice to the provisions of the Law for cases of family representation and the granting of general powers.

In any case, both for the cases of voluntary representation and for those of legal representation, only one representative may be held at the Meeting, except in the cases provided by law.

- 2. Representation is always revocable. Attendance in person at the General Meeting by the represented party shall be deemed a revocation.***
- 3. Entities that appear legitimised as shareholders by virtue of the accounting registry of the shares but who act on behalf of various persons, may divide their vote and exercise it in a divergent manner in compliance with different voting instructions, if they have received them.***
- 4. If the representation was validly granted in accordance with the law, the Corporate Bylaws and these Regulations but did not include within it the identity of the representative and/or instructions for the exercise of the vote, it shall be understood , except where the Board of Directors should establish different specific rules for a specific Shareholders' General Meeting, that (i) the shareholder that grants the representation gives the representative precise instructions to vote in favour of all the proposals formulated by the Board of Directors, (ii) the delegation is made in favour of the Chairman of the Board of Directors, (iii) it refers to all the items that make up the Agenda of the General Meeting and (iv) it also extends to items that may arise outside the Agenda, regarding which the representative will exercise the vote that he/she considers most favourable to the interests of the represented party.***
- 5. Unless expressly indicated to the contrary by the shareholder, in the event that the representative is in a situation of conflict of interest and does not have precise voting instructions or, having these, considers it preferable not to exercise representation in relation to the items to which the conflict refers, it shall be understood that the shareholder has appointed as representatives for said items, jointly and severally, in the event that any of them, in turn, should have a conflict of interest, firstly the Chairman of the General Meeting, secondly the Secretary of the same and, lastly, the Deputy Secretary of the Board of Directors, in the event that he/she has been appointed and, if not, or if the latter is also affected by the conflict of interest, the person determined by the Board of Directors. The Board of Directors may agree on rules that develop or modify the provisions of this section applicable to a specific Shareholders' General Meeting."***

"ARTICLE 21.- VOTING AND REPRESENTATION BY MEANS OF REMOTE COMMUNICATION.

- a) The shareholders who have their shares registered in the corresponding accounting record of book entries five days prior to the General Meeting (even those who are not holders of the minimum number of shares required to attend it in person), may cast their vote on the proposals related to the items included in the agenda, by mail or by electronic communication, in accordance with the provisions of the Corporate Bylaws, these Regulations and the complementary and development regulations established by the Board of Directors.***

The casting of the vote by post will be carried out by sending to the Company the attendance card issued by the Company or entities in charge of keeping the record of book entries, without prejudice to other requirements and conditions that may be established by the Board of Directors in accordance with the provisions of section b) of this article.

Votes by electronic communication will be cast under a recognised electronic signature or any other type of guarantee that the Board of Directors deems appropriate to ensure the authenticity and identification of the shareholder exercising the right to vote, without prejudice also to other requirements and conditions that may establish the Board of Directors in accordance with the provisions of section b) of this article.

Regarding the vote cast by any of the means provided in this section a), in order to allow its proper processing, the reception by the Company must take place sufficiently in advance of the General Meeting. Otherwise, the vote shall be deemed not to have been cast.

- b) The Board of Directors is empowered to develop the provisions of the previous section a), establishing the rules, means and procedures appropriate to the state of the art as well as the forms, conditions, limitations and requirements that they consider appropriate in order to complement the regulation provided for in these Regulations for the exercise of the right to vote by remote means of communication. Likewise, the Board of Directors, based on the status and security offered by the technical means available, shall establish the moment from which the shareholders may cast their vote by remote means of communication.***

The Board of Directors will publish on the Company's website the development regulations and supplements to the regime established in the General Meeting Regulations as well as the moment from which the shareholders may cast their vote at the General Meeting by means of long distance communication.

- c) In particular, the Board of Directors may regulate the use of guarantees other than the electronic signature for the issuance of the electronic vote in order to preserve the authenticity and identification of the shareholder exercising the right to vote, and may also reduce the term of notice referred to in section a) above for the reception by the Company of the votes cast by post or electronic correspondence.***

In any case, the Board of Directors shall adopt the necessary measures to avoid possible duplication and ensure that whoever has cast the vote by post or electronic correspondence is duly entitled to do so in accordance with the provisions of Article 27 of the Corporate Bylaws.

- d) The provisions of sections a) and b) above will also apply to the granting of proxy by the shareholder for the General Meeting by electronic communication or by any other means of remote communication.***

In accordance with the provisions of the Corporate Bylaws, attendance in person at the General Meeting by the shareholder shall have the effect of revoking the vote cast by post or electronic correspondence. Likewise, attendance in person at the General Meeting by the represented shareholder shall have the effect of revoking the representation granted by electronic correspondence or by any other means of remote communication provided for in the Regulations of the General Meeting."

- 5. The telematic assistance mechanism must have due guarantees of authenticity and identification of the shareholder who exercises the right to vote. The guarantees that the Board of Directors deems appropriate are the recognised electronic signature or any other type of guarantee that the Board of Directors deems appropriate to ensure the authenticity and identification of the shareholder, also without prejudice to the other requirements and conditions that it may establish.**
- 6. The Company shall not be liable for any damages that may be caused to the shareholder as a result of breakdowns, overloads, line failures, connection failures or any other event of the same or similar nature, beyond the control of the Company, that may prevent the use of the mechanisms described in this article for telematic assistance."**

ITEM 20 ON THE AGENDA

Approval of the Strategic Incentive Plan 2020-2022 (which includes payment in Company shares).

Approve the long-term variable remuneration plan referred to as the "Strategic Incentive Plan 2020-2022" (the "2020-2022 Incentive Plan"), which includes payment in shares in the Company, insofar as ENDESA, S.A.'s Executive Directors are included among its beneficiaries, with the following key characteristics:

1.- The 2020-2022 Incentive Plan is a long-term remuneration system whose main purpose is to reward the contribution to the sustainable fulfilment of the Strategic Plan by people who occupy positions of greater responsibility.

2.- The 2020-2022 Incentive Plan targets Executive Directors and other Endesa Group directors holding strategic responsibility, as determined by the Board of Directors.

3.- The period for performance will be three years from 1 January 2020, for the 2020-2022 Incentive Plan.

4.- The 2020-2022 Incentive Plan provides for the allocation to the beneficiaries of an incentive consisting of the right to receive: (i) a number of ordinary shares of ENDESA, S.A. (the "Shares") and (ii) a monetary amount, referenced to a base incentive (target), subject to the conditions and possible variations under the Plan mechanism.

Regarding the total accrued incentive, the Plan foresees that up to 50% of the base incentive (target) will be fully disbursed in Shares.

The monetary amount to satisfy is calculated as the difference between the total amount of the incentive earned and the part to be paid in Shares.

In the event that the maximum number of Shares is not a whole number, the number of Shares to be assigned to each recipient shall be determined by rounding the amount to the nearest whole number (by default up to 0.49 and in excess above this value).

5.- The accrual of the 2020-2022 Incentive Plan is linked to the fulfilment of three targets during the performance period:

a) Performance of the average Total Shareholder Return (TSR) of ENDESA, S.A. in relation to the performance of the average TSR of the Euro-Stoxx Utilities index, selected as the benchmark for the peer group. This parameter will be weighted at 50% of the total incentive.

b) Target for the cumulative Return on Average Capital Employed during the accrual period. Endesa's cumulative ROACE target represents the relationship between cumulative Ordinary Profit from Operations (ordinary EBIT) and average Net Capital Invested (NCI) during the 2020-2022 period.

This parameter will be weighted at 40% of the total incentive for the 2020-2022 Incentive Plan.

c) Reduction of the Endesa Group's CO₂ emissions. This parameter will be weighted at 10% of the total incentive for the 2020-2022 Incentive Plan.

A threshold level beyond which the target is considered met up to 50% and two performance levels for targets that have been overachieved is established for each target - performance beyond the first level equals 150% and performance beyond the second level constitutes maximum achievement of 180%. Therefore, variable remuneration levels under the 2020-2022 Incentive Plan will range from 0% to 180% of incentive base (target equals 100% achievement).

6.- The base incentive (target) assigned to each beneficiary under the 2020-2022 Incentive will be as provided in their individual contracts, if addressed therein, or otherwise, in the relevant Group policy defining different target [of fixed remuneration] percentage levels based on the level of responsibility.

The 2020-2022 Incentive may entail the delivery of a maximum number of Shares equal to 91,324. Said maximum volume of shares represents 0.00863% of ENDESA, S.A.'s share capital as of the date this resolution is proposed.

For the CEO, the base incentive (target) will be €518,000, and the maximum number of shares to which he/she will be entitled will be 10,752.

7.- Both payment by delivery of shares and payment in cash will be subject to the rules for payment and deferral established by the Remuneration Policy and the Board of Directors and, in particular, the corresponding malus and clawback clauses.

8.- It is resolved to delegate to the Board of Directors, with express power of substitution, the authority to implement at the time and in the manner it deems convenient, formalise, amend and execute the 2020-2022 Incentive Plan, adopting all resolutions and executing as many public or private documents as may be necessary or convenient to ensure the full effectiveness thereof, with the power to change, rectify, amend and supplement and, in general, to adopt any resolutions and perform any actions necessary or merely convenient for the effective implementation and operation of the 2020-2022 Incentive Plan, including but not limited to, the following powers:

a) To set specific conditions for the 2020-2022 Incentive Plan and to grant and exercise rights thereunder, including the approval or amendment of the 2020-2022 Incentive Plan, the determination of the beneficiaries, the conditions for granting or exercising the rights and verifying achievement, the rights that grant the status of beneficiary, the levels of performance for each of the parameters established as a target, the effects of losing status as an employee, executive or executive director of the Company or its Group or of a change of control, determining the causes for early termination, etc.

b) To draft, sign and submit before any public or private bodies, the beneficiaries or any other party, any documents and supplementary communications which may be necessary or convenient for the purposes of implementing and executing the 2020-2022 Incentive Plan, granting rights and delivering incentives, including, as the case may be, the relevant prior notice and informational prospectuses.

c) To perform any actions or processes or filing any returns to any person, entity or registry, public or private, in order to obtain authorisations or verifications as required to grant the rights and to pay the incentives.

d) To adapt the contents of the 2020-2021 Incentive to the corporate circumstances or transactions that may arise during the term thereof, in the terms deemed convenient and, to the extent required or recommended by any legal provisions applicable to any of the beneficiaries, or as may be necessary for legal, regulatory, operating or similar reasons, to adapt the general conditions.

e) To draft and publish any announcements which may be necessary or convenient.

f) To draft, sign, execute and, where applicable, certify any type of document related to the 2020-2022 Incentive Plan.

g) And, in general, to perform as many actions and execute as many documents as required or convenient for the full validity and effectiveness of the

incorporation, implementation, operation, execution, settlement and completion of the 2018-2020 Incentive Plan and the previously adopted resolutions.
